

## There are multiple ways to get entries to MB-F for shows.

You can submit entries directly to MB-F via InfoDog.com, which is MB-F's website, there is a 24-7 Fax Entry system, a telephone entry system with live operators that will take your entries, there are four satellite offices and the main office that entries may be walked in, mailed or shipped to any of these. Details on each will follow below. There are independent entry services that will submit entries for you.

The online entry system can be found at <https://www.infodog.com/entry/default.htm>. Feel free to try out the system, you do not have to enter any billing information until the last page. That gives you the opportunity to do test entries without actually submitting anything or getting charged. The entry information is not written to our system until the card is approved, so try a few practice entries, just remember to not submit it for payment.

Our fax lines are available for entries 24-7, at 800-746-3297 for US numbers. Faxing from other countries you would fax it to 336-272-0864. Please include a cover page with your payment information and total number of pages. If you wish to call us after faxing during normal work hours please feel free to so at 336-379-9352.

Our telephone entry program, Dial N Entry, is available from 8AM to 5PM Eastern, Monday through Thursday. US callers can call 800-334-8978 while those in other countries would call 336-379-9605. One of our operators will take your entries for you. Please note those numbers are for telephone entries only, the operators do not have other show information. When all the operators are on calls the line will continue to ring until there is an available operator to take the next call in line.

For shows that have an opening date and time, any entries received prior to that time are rejected as invalid. The online system will not take any entries until the opening time. Regardless of method of entry, all entries for shows with limits are time stamped when received.

## Review Rules

**BEFORE MAKING YOUR entries via InfoDog you should be aware of and agree to the following RULES:**

1. The closing date and time parameters for accepting **conformation, obedience, and rally entries are:**
  - **A \$4.25 per entry administrative fee will be charged for EACH entry in addition to the normal show entry fees for AKC licensed superintendents.**
  - InfoDog will take entries for MB-F superintended events up until the closing hour.
  - Entries for other AKC licensed superintendent's shows will be taken up until 12:00 noon Eastern time the day before entries close.
  - Entries for shows with show secretaries will be taken up until 12:00 noon Eastern time two business days before closing.
  - These parameters are necessary to allow us adequate time to forward your entries to the appropriate organization or person handling entries for the show.
  - **An additional fee of \$15.00 will be charged for events handled by show secretaries and will be displayed to you before the entry is complete.**
  - We will **NOT** take entries for shows after these times.
2. Be sure your payment information is accurate. If your payment is declined for any reason the entries will not be in the show. You will need to resubmit any rejected entries before closing.

In order to begin the entry process, you must agree to these rules by clicking the button at the bottom of these rules:

**I Agree With the Above and Wish to Continue**

The next page you will need to pull up your dog's information. If the dog has not been entered previously with InfoDog/MB-F you should input the AKC Registration number or the dog name and click "Search For Dog". (Be sure to put a space in the AKC# after the alpha characters, i.e. DL 12345678, and do not use any slashes or dashes). If you have made entries for the dog with InfoDog/MB-F previously you can use your e-mail address or phone number to pull up dogs in our system. If the dog is in the MB-F system it will pull the information we have on it.

### Select Dog

**1 Match(es) Found for:**  
AKC#: dl 12345678

Please click a dog name from the following list to enter in a show.

Dog	AKC#	Breed	Sex
<a href="#">GCHB This Dog Is A Test Dog RN CGC</a>	DL 12345678	Collies (Rough)	Dog

You would then click on the dog's name (note that it's a link)

If the dog is not in our system, but is in the AKC registration database it will pull the registration data, less the ownership information, from the AKC Database. You will need to complete that information on the Dog Profile page.

On the Dog Profile page, you will see:

AKC Titles for the dog, the sire and the dam are put in the title prefix and title suffix fields and automatically get attached to the name.

To edit the dog name or the names of the sire or dam you should click on the edit link to the right of each and then edit the field.

This is the information that appears in the show catalog and in the results.

Note for the owner names, there should be slashes around the last name only of the person whose name it will be sorted by in the show catalog's alphabetized index of exhibitors. For the example to the left, Marcus Welby MD and Elvira Jones are the owners. We would put the slashes around /Welby/ so the index of exhibitors will list it as "Welby MD, Marcus & Elvira Jones....". You do not need to put spaces on either side of the slashes. Please do not put slashes in the breeder names or additional owner names.

When you are satisfied that all is correct on this page, just click "Continue".

Please click a dog name from the following list to enter in a show.

Dog	AKC#	Breed	Sex
<a href="#">GCHB This Dog Is A Test Dog RN CGC</a>	DL 12345678	Collies (Rough)	Dog

You would then click on the dog's name (note that it's a link)

If the dog is not in our system, but is in the AKC registration database it will pull the registration data, less the ownership information, from the AKC Database. You will need to complete that information on the Dog Profile page.

On the Dog Profile page, you will see:

## Dog Profile

Please review and verify the dog's information and make any necessary corrections to titles, owner(s), address, etc. on this page and click "Continue" at the bottom.

AKC Titles for the dog, the sire and the dam are put in the title prefix and title suffix fields and automatically get attached to the name.

To edit the dog name or the names of the sire or dam you should click on the edit link to the right of each and then edit the field.

This is the information that appears in the show catalog and in the results.

Note for the owner names, there should be slashes around the last name only of the person whose name it will be sorted by in the show catalog's alphabetized index of exhibitors. For the example to the left, Marcus Welby MD and Elvira Jones are the owners. We would put the slashes around /Welby/ so the index of exhibitors will list it as "Welby MD, Marcus & Elvira Jones....". You do not need to put spaces on either side of the slashes. Please do not put slashes in the breeder names or additional owner names.

When you are satisfied that all is correct on this page, just click "Continue".

The next page is where you will select your show range.
